PERSONAL FIRST AID KIT

Why the **Modulator Backpack** for your industry / sector »

- It effectively addresses the challenge of providing immediate first aid assistance in remote locations that have limited access to emergency services.
- Tailored to ensure your work colleagues are properly equipped to treat crush injuries as well as falls and slips, the Modulator Backpack is a dynamic first aid solution for first responders regardless of their experience / training to use.
- It's designed to swiftly respond to emergency scenarios, helping to mitigate and reduce the severity of injuries and address sudden cardiac arrest as well as critical haemorrhage control, ultimately enhancing positive patient safety outcomes.

Efficiently organised – quickly access bespoke First Aid Modules

Hands-free – easily be worn with Reinforced Shoulder Straps

Be seen in low-light – features Reflective High-Visibility Strips

MODULATOR EMERGENCY RESPONSE BACKPACK

INCLUDING A USER-FRIENDLY DEFIBRILLATOR

ViVest PowerBeat AEDs

Semi-automatic defibrillators (X3 or X1) designed for anyone to operate, offering quick and safe emergency response through visual guidance, voice prompts, and pre-connected smart pads.

With ViVest X3 AED feat. 5" LCD Display

- ✔ Animated step-by-step visual instructions
- ✔ One-button activation plus CPR metronome
- ✔ 5 year battery life (up to 200 shocks)
- ✔ Bluetooth and 4G remote connectivity
- ✔ Automated ECG recording (up to 8 hours)
- ✔ Daily automated self-testing
- ✔ Single Paediatric mode button
- ✔ IP55 dust and water resistance
- ✔ Supports up to 3 selectable languages

Aero Code: **AK-MOD-RS-X3**

With ViVest X1 AED feat. Pictograms

- ✔ A budget-friendly model offering all the features of the X3, but with a colour pictogram visual panel instead of an LCD display.

Aero Code: **AK-MOD-RS-X1**

HeartSine Samaritan AEDs

A range of semi-automatic (500P or 350P) or fully automatic (360P) defibrillators designed to deliver reliable emergency care with user-friendly guidance and a compact design.

With HeartSine 500P feat. CPR Advisor

- ✔ CPR Advisor: real-time CPR feedback
- ✔ Semi-Automatic Shock Delivery
- ✔ Easy to Follow Visual and Verbal Prompts
- ✔ IP56 Rated Ingress Protection
- ✔ Advanced Technology
- ✔ Pad-Pak: Battery & Electrodes combined
- ✔ Portable and Lightweight at just 1.1 kg
- ✔ Software updates via USB
- ✔ Free replacement Pad-Pak initiative

Aero Code: **AK-MOD-RS-500**

With HeartSine 350P Semi-Automatic AED

- ✔ A budget-friendly semi-automatic AED with all the features of the 500P except for CPR Advisor. This defibrillator will prompt the user to administer an electrical shock if required.

Aero Code: **AK-MOD-RS-350**

With HeartSine 360P Fully Automatic AED

- ✔ A budget-friendly fully automatic AED with all the features of the 500P except for CPR Advisor. This defibrillator will automatically deliver an electrical shock if needed.

Aero Code: **AK-MOD-RS-360**
