

AERO BLEED KIT HOUSING CABINET

Product Code:
HS-BK-CAB-V2

Our **Aero Bleed Kit Housing Cabinet** is an ideal weatherproof storage solution for your bleed control kit and has the following key features:

- Safeguards the bleed control kit while ensuring fast and convenient access.
- Highly visible and easy to find in an emergency.
- Built to be installed in a wide range of indoor and outdoor environments including high-traffic public spaces.
- Internal hinges prevent external tampering and unwanted hinge removal.
- Clearly printed and easy to follow emergency instructions.
- Has an insertion hole to attach tamper-proof security tag.
- Powder coated cabinet housing is more resistant to chips, scratches, corrosion, and fading than traditional paint.
- Has pre-drilled back panel holes allowing easy wall mounting.
- Reliable performance, premium quality, and intelligently considered design.
- External dimensions: (H) 29 cm x (W) 19.5 cm x (D) 22 cm.
