

CARDIACT™ INTERNAL METAL WALL CABINET

- ✓ UKCA Marked
- ✓ CE Marked

HS-WC-001

This CardiAct™ Internal Metal Wall Cabinet comes with a Perspex front display panel and complete with wall bracket. With visible AED signage on either side, this cabinet ensures that your defibrillator is highly visible and helps to define its correct storage location whilst not in use. This helps increase awareness and minimise lost time in the event of an emergency. This attractive cabinet will also protect your AED from dust and grime.

- Internal hook accommodates any defibrillator without a carry case
- Large viewing window allows easy checking on the status of the AED defibrillator
- Durable steel construction
- Defibrillator remains visible and fully accessible at all times
- Helps to deter theft or inappropriate use
- Side toggle latch allows it to be lockable via security seal or padlock (not supplied)
- Defines the central location of your defibrillator
- Cabinet dimensions (H) 450mm x (W) 350mm x (D) 170mm
