- ✓ MDD Compliant

HSE-1PG

This affordable **AeroKit™ Outdoor First Aid Kit** allows staff to maintain safety in settings they supervise when an injury occurs either in a outdoor environment, external workplace setting or travel use. Stored in an accessible waist bag / bum bag, it can be safely worn by means of an adjustable belt with quick release buckle, allowing immediate on-the-go access of essential first aid items in response to an incident outdoors. Kit contents legally complies with HSE (First-Aid) Regulations 1981.
