

IPAD SP1 & SP2 Defibrillator Pads

- ✓ MDD Compliant
- ✓ UKCA Marked & CE Marked

The iPAD SP1/SP2 Multifunctional AED Electrode Pads are compatible with both iPAD SP1 and SP2 defibrillators, designed for use on both adults and children (1 year+). These pads feature clear, printed instructions that work alongside the AED's voice prompts, ensuring quick and easy application in emergencies. Their versatile design saves valuable time by eliminating the need to switch pads between adult and paediatric patients.
