

SMALL BURNS FIRST AID KIT

AeroKit™ with Surefill™ Small Burns Kit is specially designed for treating burns. It is equipped with high-quality, proven products to relieve burns and immediately begin the healing process. The kit is stored in a durable plastic case for easy transport in the event of an emergency. With Surefill™, the kit can be quickly replenished using our innovative refill pack. These organised packs provide quick access to all kit items through a unique centre-slit pocket, eliminating the need to unpack each individual item.
