Launched in 2000, the Aero Healthcare range was only available through the hospital and medical channels.

- This Wound Care and First Aid brand is now available through the pharmacy channel and not grocery
- Superior product features and capability utilising the latest in global technology and new materials
- Innovative clear packaging and introducing the new 'VEND' system for ease of consumer use
- An Australian company making a difference around the globe
- Support and training materials are available from your Pharmacy representative

Allow your customer to experience something new in wound care
